

## AM20 Filter Assembly

### Benefits of Pentek Water Filter Housings:

- Sturdy construction offers reliability and chemical resistance
- The standard design fits most standard filter cartridges in the industry
- Four bosses are molded into every cap for mounting purposes
- Leak-proof sealing with top-seated Buna-N O-Ring

### Benefits of Purtrex Depth Cartridge Filters:

- 100% pure polypropylene depth filter with exceptional holding capacity down to 5 microns
- Purtrex true-graded density filter matrix (lower density at the surface of the filter with progressively higher density toward the center) captures particles throughout the entire filter depth
- Longer life and fewer change-outs than string-wound or resin-bonded filters
- Low cost replacement cartridges are available locally at our Santa Rosa location and on our mobile service vans

Includes filter wrench for ease of use
